## Introduction

The Executive Programme in Plantation Management (Level 4) is designed to equip students with fundamental knowledge and practical skills to manage plantation-based organisations effectively. The programme focuses on core management functions including planning, organizing, leading, and controlling while integrating key areas such as entrepreneurship, marketing, human resource management and operational efficiency within plantation contexts. It also covers plantation operations, plant and soil science, pest and disease management, and fertilizer practices, enabling students to apply management concepts and manage plantation activities effectively.

## Who Should Apply?

- Plantation field staff and supervisors
- Estate or farm assistants
- Workers involved in crop, soil, or pest management
- Junior plantation operations coordinators
- Employees in plantation organisations moving into management roles

## Modules

Module 1: Principles of Management  
Module 2: Human Resource Management  
Module 3: Principles of Marketing  
Module 4: Strategic Management  
Module 5: Entrepreneurship
